Hi Dianna --

Attached is the consent decree with Coca Mines and Thomas Congdon for the Gilt Edge Mine site. There is money that will go directly to the State of South Dakota. We will not handle that portion of the money.

EPA shall receive: \$9,270,000 for the Gilt Edge Site
The money should go into the 087T account rather than the 087T01 account, because it is not restricted.

Note sure if it matters for your purposes, but it is possible this could come to us in two separate payments, one from Coca and one from Congdon, but I am unsure of this.

Spending Plan:

All money that Bill Murray is not reserving for payroll, should be planned for OU1 RA-1 spending:

- \$2M in 4th quarter 2016 (if we get it in time) for the IA with USACE
- Remainder in 1st quarter 2018 for an IA or contract

The I don't have the Nelson Tunnel one yet, but will send on when I get it.

- Joy
